

# Adhesives/Accessories

## Product Purpose

**Industrial Grade Adhesives for Permanently Installing Mounting Pads**  
 Field tested under the most adverse and hazardous conditions. All of our adhesives have been proven to withstand the demands of their specific applications.

### MH109-2A

.85 oz. (25 ml) 2 in 1 tube

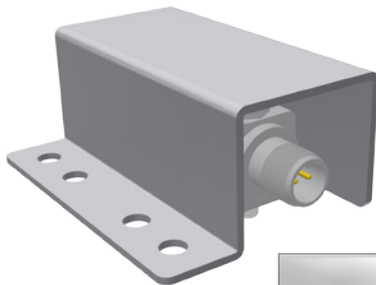

Part No.	Adhesive	Manufacturer/ Brand	Set Up Time	Thin Layer Bonding	Gap Filling	No. of Applications	Temperature Range
MH109-2A	2 Part Epoxy with 2 Barrel Tube Dispenser	Devcon Plastic Welder	4-6 Minutes	Yes	Yes	*2-20	-60° to 250°F (-51° to 121°C)

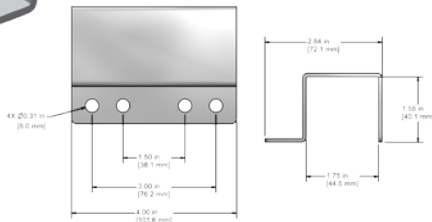

\* Gap filling applications require additional adhesive, and reduce the number of applications possible.

## Sensor Protection

### MH148-1A

Note: Sensor is NOT included with this product.

## Product Purpose

**Stainless steel sensor protector for side exit sensors**

For protection from falling debris, moving machinery parts and other physical damage.

- Four Mounting Holes Spaced for Convenient and Stable Mounting Options
- Designed to Protect Sensors and Connectors from Hazardous Conditions
- Durable and Weather Resistant
